

Using Ride with GPS

- If you don't already have one, create a free account for yourself at <http://ridewithgps.com>
- With a free account, you can do the following:
 - Find existing public routes
 - Print basic cue sheets
 - Export GPS files
 - Create new routes.
- You won't be able to print the pretty cue sheets. For that you'll need a paid account.

Finding a Route

- Login to your RWGPS account
- Click the “FIND” tab
- Add filtering criteria
 - Route Author
 - Starting City & Search Radius
 - Keywords
 - Minimum route length
 - Minimum elevation gain
- Click “SHOW ME THE RIDES”

Find Page

Entering Your Search

- Use our starting points (Berea or Olmsted Falls)
- Use anything that might appear in the route title as a keyword. Many of our routes start with “LEW”. Experiment.
- You can also use the route author as a keyword. LEWAdmin is the club account.
- You can sort the results a variety of ways. Just click the arrows in the sort box.
